NICOLE PEERY

Technical Support | User Education | Digital Content | Web Technology

Tucson, Arizona • hello@nicolep.me • nickywrites.com • linkedin.com/in/nicolepdotme

PROFILE

Creative and technical professional with experience in SaaS support, WordPress and WooCommerce, user education, technical documentation, digital publishing, and healthcare technology. Skilled at troubleshooting software, explaining unfamiliar tools, supporting users, and making complicated information easier to navigate. Background in graphic design, UX, and front-end web development complements hands-on systems and support experience.

CORE EXPERTISE

Support and troubleshooting: SaaS and WordPress support, issue reproduction, customer education, CSS, accessibility, site performance

Documentation and learning: Help guides, knowledge bases, SOPs, tutorials, training resources, Loom, Snagit

Creative and web: WordPress, WooCommerce, graphic design, UX, content management, SEO, digital publishing

Systems and operations: CMMS, healthcare technology, information architecture, SharePoint, Guru, process improvement

PROFESSIONAL EXPERIENCE

Owner, Independent Digital Business | Peery Creative | Feb 2021 – Present | Remote

- Build and maintain WordPress and WooCommerce websites, including site content, integrations, product information, and technical troubleshooting.
- Create artwork and digital content for websites, e-commerce platforms, and publishing channels.
- Research technical problems, test solutions, and manage digital projects from planning through completion.

Support Engineer | Mediavine | Oct 2019 – Feb 2021 | Remote

- Supported publishers with WordPress plugins, CSS, accessibility, and site-performance issues.
- Translated unclear bug reports into reproducible steps for developers and practical guidance for users.
- Wrote help articles and troubleshooting documentation; created narrated tutorials using Loom and Snagit.
- Improved internal Guru documentation and used recurring Intercom issues to identify proactive support resources.

Learning Support Specialist | Treehouse | Oct 2017 – Oct 2019 | Remote

- Mentored learners in front-end development and UX, providing practical guidance on projects and technical roadblocks.
- Created supplemental learning resources and turned unclear feedback into actionable instructions.
- Shared curriculum improvement recommendations and developed Trello tools to improve workflow visibility.

Web Content Editor | FlexJobs | Apr 2015 – Oct 2017 | Remote

- Edited and maintained structured digital content for accuracy, readability, metadata quality, and search visibility.
- Applied editorial and SEO standards, and created macros and text-expansion tools to improve efficiency.

Data Management Specialist | TRIMEDX | Feb 2013 – Apr 2015 | Indianapolis, IN

- Created SOPs, work instructions, and service documentation for clinical engineering teams and leaders.
- Maintained SharePoint libraries containing recalls, vendor specifications, service materials, and regulatory resources.
- Improved CMMS records and documentation usability in collaboration with IT, compliance, and operations teams.

Data Quality Specialist, CMMS Administration & Medical Device Asset Data | Indiana University Health | Mar 2007 – Feb 2013 | Fishers, IN

- Helped implement and administer a CMMS supporting more than 1,600 medical devices.
- Created end-user documentation, trained technical and clinical staff, and supported the transition from paper records to digital workflows.
- Developed equipment records, preventive maintenance schedules, and compliance reports supporting the hospital's first Joint Commission survey.

EDUCATION & CREDENTIALS

MBA, Healthcare Management | Western Governors University

AAS, Graphic Design | Vincennes University

Certificates: User Experience Design; Front-End Web Development (Treehouse); Editing (Poynter Institute); Snagit Certification
